

GIRLS SCHOOL CAPTAIN SPEECH

When tasked with writing this speech, I didn't really know where to start. So, I decided the best way to approach it was to liken it to something I have experience doing. Anyone who knows me as a friend, classmate, or has heard my name around the school likely knows that I am a massive theatre kid, so with that in mind, good morning. My name is Unity, and I will be auditioning for the role of your school captain for 2025.

I believe that there are no other ways for me to secure your vote than to let you get to know me, the real me. On the surface, I am a shy, studious girl who doesn't talk very much and minds her own business. My friends would be the first to tell you that this is not the whole truth. I am a very passionate and ambitious person, and once you know me, I am loud, silly, emotional, and vibrant. My love for dance and music is a large part of who I am. Growing up with dance has made me resilient, disciplined, creative and driven. In dance, and in any aspect of my life, I always give 100%. I never take the easy way out, and I make choices that are best for the group, not just myself. I can easily make compromises; I think critically and am not afraid to do things unconventionally.

If granted the opportunity to be your school captain, I will be approachable, fair, hardworking and loyal. I will advocate for your ideas, and make sure your opinion as an individual is valued. I believe that respect must be earned. I value honesty, commitment, diligence, and initiative. I have a strong sense of justice and an extremely empathetic personality. I am always up for a chat, even if I don't make it very evident. I love challenging myself and keeping busy, so I am no stranger to tasks piling up. I work well under pressure and can persevere in uncomfortable and new environments. I make an effort to complete everything to the best possible quality.

To me, the role of school captain is more than just a formal title. It is an opportunity to influence the image of the school and be a voice for the student body. I would use this role as a tool to promote inclusivity and cultivate a cheerful, spirited, and fun environment. When casting your vote today, please remember how much power you have. With the right leaders, our school environment can grow and flourish. The class of 2025 can leave this school even better than we found it and pave the way for the coming generations. So please, as you vote, ask yourself; who has the power to make a change? Whose values and morals do you align with? Who do YOU want to represent YOUR school? Fellow candidates, I have so much respect for you. Regardless of who is chosen, I believe you all have the capacity to make a difference. Good luck, or as we say in the theatre world, chookas. Thank you all for your time.
